

# Teddybears Sthlm, Little Stereo

verse.1

When i was a little rude boy  
i run around the neighborhood  
and i can still remember  
when we set the sound on fire  
i want to be a big shot  
and im on to play the game  
and it wont be long now  
For all the people know my name  
Ref.

when i was a little stereo  
i listen to the champion  
and i allways wonder  
when will i be the number one  
when i was a little stereo  
i listen to the champion  
and i allways wonder  
when will i be the number one  
verse.2

When you listen to the radio  
every where they play my song  
see me on your TV  
i rock it all day long  
super let me on the sunboy (?)  
come from every way around  
but i allways kill them  
with a mighty teddysound
