

Teen Idles, Deadhead

Deadhead, deadhead, take another toke
Deadhead, deadhead, you're a lousy joke
Friend of the devil, who you trying to kid
Friends of the devil are dead like Sid
I'll be grateful when you're dead
I'll be grateful when you're dead
I'll be grateful when you're dead
So don't stick around too long
Riding that train high on cocaine
The music is really lousy, the fans are a pain
Troubles behind, troubles ahead
The only good deadhead is one that's dead
