

Tegan & Sara, Downtown

If you're gonna get up, you might as well get up with me
If you're going downtown, I might as well be on your way
And I sit all night, I sit still all night
I won't tell one soul, I won't tell one soul
I just can't get it straight you see and oh well
That distraction inside of me, oh well
I just can't get it straight you see and oh well
Is fine by you, I am fine by you
I won't tell one soul, I won't tell one soul
If you're going downtown, take me with you
I don't care if I'm gonna get up, I'll just admit it
I only get up for you if I'm going to get up
I'll just admit it I only get up for you
And I sit all night, I sit still all night
I won't tell one soul, I won't tell one soul
