

# Tegan & Sara, Living Room

My windows look into your living room  
Where I spend the afternoon on top of you  
I wonder what it is  
That I did to make you move in  
Across away from me  
I hope I never figure out  
Who broke your heart  
And if I do, if I do  
I'd spend all night losing sleep  
I'd spend the night and I'd lose my mind  
Well I'd spend the night and I'd lose my mind  
My windows look into your bathroom  
Where I spend the evening watching  
You get yourself clean  
And I wonder why it is  
That they left this bathroom so unclean  
So unlike me  
I hope I never figure out  
Who broke your heart  
And if I do, if I do  
I'd spend all night losing sleep  
I'd spend the night and I'd lose my mind  
I'd spend the night and I'd lose my mind  
I'd spend all night losing sleep  
I'd spend the night and I'd lose my mind  
If I spend the night then I lose my mind  
Well I hope I never figure out  
Who broke your heart  
And baby if I do  
Well I hope I never figure out  
Who broke your heart  
Baby if I do  
Well I'd spend all night losing sleep  
I'd spend the night and I'd lose my mind  
If I spend the night then I lose my mind  
Spend all night losing sleep  
I'd spend the night and I'd lose my mind  
If I spend the night then I lose my mind  
Spend all night losing sleep  
I'd spend the night and I'd lose my mind  
If I spend the night then I lose my mind
