

# Tegan & Sara, One Month

One month to the day  
That you said  
That you'd never change  
And if I am right  
Then you were always wrong  
You gotta handle  
This while  
An old man behind his walls  
And all day long he's fielding calls  
Said this whole world is gonna shut dow  
Without me  
Well, let's see  
And show your hands to me  
And show your hands to  
Sinking into your queen  
Sized kingdom  
I'm begging you to stay, stay, stay  
And sinking into your queen  
Sized kingdom  
I'm begging you to go, go, go  
And take your pride  
No room here for you  
Anymore  
Take your pride  
No room here for you  
Anymore  
If you go  
How do I know that  
If you go  
How do I know that  
If you go  
How do I know that  
You'll be back again  
'Cause in the end you always  
Come for me
