

Television Personalities, Lichtenstein Painting

She reminds me of a Lichtenstein Painting
That hangs on the wall of famous halls
In galleries around the world

She reminds me of a Lichtenstein Painting
I saw in a book, "Oh Jeff I do love you but...."
She's the Sleeping Girl

And when she's here I feel so glad

But when she's sad then I cry too
She looks like the drowning girl
Send for International Rescue

And if she smiles then I smile too
It really makes my day
I only wish she'd stay that way
La la la love you
