

Ten Foot Pole, What You Want

is there something you should tell me?
is there something i should know?
i guess i thought that you were happy,
but your eyes tell me....
was the attention all that you needed?
did we miss your silent cries?
is it too late to try?
who do you want to see?
who do you want to be? i
s it too late?
can you tell me what you want?
can you tell me what you need?
i cant read your mind,
but would i understand if i could?

i see something in your eyes,
exactly why i cant tell,
and im still listening, exactly why i dont know,
can you feel it? can you find it?
well i cant take it, and i cant fake it anymore.
