Ten Years After, Don't Want You Woman

(Alvin Lee)

Don't want you woman, please stay away from me Don't want you woman, please stay away from me Well the one I got she is, sure good enough for me

Don't call me baby, I don't think it's kind Don't call me baby, I don't think it's kind Well, I got another woman - don't intend to leave her behind

Don't call me baby, call me on the phone Don't call me baby, call me on the phone If you wanna be kind to me girl, kindly leave me alone

Don't come on up to me baby, when you see me walkin' down the town Don't come on up to me baby, when you see me walkin' down town Don't wanna be unkind girl, but You ain't the kind of woman I want around - Hey right!

Don't want you woman, please stay away from me Don't want you woman, please stay away from me Well the one I got she is, sure good enough for me
