

# Terence Trent D'Arby, Eggs Coffee

How can you say  
You're giving all your love to me now  
When I can feel  
Nothing real from you when you're around  
Who visits you when I'm away from home  
You're alone  
What's going' on? I'm past gone...  
My mind is not in place  
I am trying carefully to keep  
My act together now  
I cannot give up  
You can tell me anything, but please...  
Don't say you'll leave me

(If we can just pretend) Hey!  
That we're in love again...  
(And make it work out)  
Just give it time...  
(If we can just pretend) Hey!  
That we're in love again...  
(And make it work out)  
I see no crime...

Hearts full of darts  
Can heal  
Then heal if there's a chance...  
Less romance  
I'll love you more  
Than before  
We'll go our seas alone  
No...

I am trying carefully to keep  
My act together now  
I cannot give up  
Tell me anything, but please...  
Don't say you'll leave me

(If we can just pretend) Hey!  
That we're in love again...  
(And make it work out)  
Just give it time...  
(If can just pretend) Hey!  
That we're in love again...  
(And make it work out)  
I see no crime...
