

Terence Trent D'Arby, Love Can You Hear Me?

Love can you hear me?
I'm calling to you
Beyond the fields of Avalon
I found a new lover
It's her I lay my lips upon
When my emotions uncover
Even when she's far away
Beyond my fences
I know that she will never stray
Beyond my senses
Love can you hear me?
I'm calling to you
When her kisses touch my soul
I feel embraced by the diva
And then my spirit unfolds
And shakes me like Shiva
Beyond the gates of Babylon
I found a new lover
It's her I lay my lips upon
When my emotions uncover
Love can you hear me?
I'm calling to you
My heart is on the line
