

Terence Trent D'Arby, Srr-636*

Get out of your head
Get into my bed she said
Get your wiggle on
Strut like Sinatra
Sample someone's song
Sing for your supper

Like a rolling stone
I jam with a woody
Wearing cheap cologne
A sweet suga daddy

Get out of your head
Get into my bed she said
Get your wiggle on
Be sexy like Lenny !
Let your mind move on
It sells for a penny

Like a record groove
Gets scratched by a needle
Telling kids the truth
About The Byrds and the Beatles

Get out of your head
Get into my bed she said
Get your wiggle on
The bees in their bonnets
Are making honey from
Unwritten sonnets

Release your inner scream !
And float with a swagger
Dancing in the street
Like Bowie and Jagger

Get out your head
Get into my bed she said
