

# Terminal Choice, I Don't Believe

I don't believe there's someone in the sky  
I don't believe that someone cares when i die  
I don't believe my soul will live forever...

I don't believe in God  
I don't believe in heaven

I don't believe there's someone in the sky  
I don't believe that someone cares when i die  
I don't believe my soul will live forever...

I don't believe in God  
I don't believe in the Devil  
I just believe in myself
