Terri Clark, Pain To Kill

I Got a headache from the work day And a heartache from last night Anything that could've lately did not go right They say time is the ticket But I sure ain't got the time With a little jingle in my pocket There's a mission on my mind *Chorus* I've got some pain to kill Hurt to heal Anything I have to do I will So come on baby let's take a ride Way on over to the other side Of this low-down, lonely, no good way to feel I got some pain to kill Gonna find me a party Maybe start one of my own Light a fire to my troubles And around the smoke I might regret it come tomorrow When I'm nursin the good time flu But a girl in my condition only has one thing to lose *Repeat Chrous* Promotion bumped me Boyfriend dumped me I gotta do something So until the sun comes up on Sunday *Repeat Chorus Twice* I got some real pain to kill
