

Terri Clark, Working Girl

Written by Randy Scruggs and Matraca Berg
Martha in the morning
Oprah in the afternoon
Weddings in the garden
Have a makeover too
Watching TV on a sick day
Tell me what's it mean to you

CHORUS

They think I'm out of touch
But they don't know much about my world
Got a wing and a prayer and a job on the line
And there ain't no time
For a working girl
Well, they say they represent me
In the fashion magazines
Well, honey all I see
Is these girls don't look like me
Tell me what's it like to be rich
And barely seventeen

REPEAT CHORUS

Starry nights on the beach
The world's within my reach
But they don't take American Express
They think I'm out of touch
But they don't know much about my world
Got a wing and a prayer and a boss on the line
And there ain't no time for a working girl
A working girl
Got a wing and a prayer and a boss on the line
A working girl
I'm a working girl
