

# Terror 2000, Killing Machine

Baptized in fear

Forever damned in a life in a life so unreal brought up in a living hell

Not a soul to confine in protecting yourself

As the battery keeps goig on cursing your life and everyone around

Killing Machine! &lt;i&gt;(x2)

A savage beast has been created

Killing Machine! &lt;i&gt;(x2)

A natural born slayer from day one

Killing Machine! &lt;i&gt;(x4)

Life's not wortha shit

No-one gives a shit

Life's not worth a shit

No-one gives a shit

Suddenly free

When life is lit in a gory mess, butchering bodies of your kin

Spitting on their graves, a machine has been created with the intention to kill

Life's not worth a shit

I told you to die motherfucker

The time has come to get your shit together

And get the hell out of here

I'm not a saint, I'm not a sinner

I'm just bound to be your killing machine!

The urge to dismember is strong, sick thoughts plague your mind

Memories are pounding in your brain

It makes you more insane day by day
