

Terror, Crushed By The Truth

This track features guest vocals by Hard Cory.

Lost in your

Simple mind - Not me
Follow blind - Not me
Fall in line - Not me

Quick to change - Not me
Know everything - Not me
Caught in between - Not me

Now the truth it crushes down,
Crushes down on you

Bend to belong - Not me
Never wrong - Not me
Here then gone - Not me

False claims - Not me
Two-faced - Not me
First to fade - Not me

Crushed by the truth

You're so fucking weak
You're so fucking fake
And now the truth it crushes down
And slaps you in the face
