

# Terror, One With The Underdogs

Born with nothing  
And that was most of us  
Raised in unemployment lines  
Grew in domestic crimes

Always against the odds  
One with the underdogs

Stepped on since day one  
Taught to accept defeat  
Expectations of failure  
Always told I was nothing

Always against the odds  
One with the underdogs

We are the underdogs

Had to scratch and fight  
To stay on my feet  
With a heart made of steel  
I smashed through everything

Always against the odds  
One with the underdogs
