

Terror, So Close To Defeat

Forced to crawl as the failure
Worthless gains they broke me
Fought pain with time and hate
'til my drive crossed my defeat

Hit me with all your strength
So close to defeat
Gotta push, gotta fight
You won't get the best of me

Reactions cut to the kill
Can't make sense of the truth
Determination, my only fuse

Try and take me out the box
I'm the lion and the fox
