

Tesla, Government Personnel

Go straight to hell,
All you government personnel,
Sittin' awf'ly well
In your big, white house up on the hill.

You say now, give me a home
Where the buffalo roam,
Where the deer and antelope play.
You can bet your ass we'll blow them all away.

Fuck it up until it's bent,
Then a-wonder where it went.
Thinkin' you was a-heaven sent, ha ha ha,
You're nothin' but hell!

Go straight to hell.
