

# Tesla, I Wanna Live

What I want....  
Is what I need  
Is everything that I'm 'suppose to be  
Have my hopes....  
I Got my dreams  
I have to fight for what is right for me  
Everything!  
That I expect... I take in and I have no regrets  
Life's too short  
There's not rain check  
Just one shot at it is all ya' get  
I wanna live before I die....  
Dont want the world to pass me by  
I wanna live.. I wanna live before I die!  
Ya tell me this!  
Ya tell me that!  
Ya make the rules that's where it's at....  
They hold me down!  
They tell me lies!  
Do I listen ? I don't even try!  
Listen at! The world's a stage...  
I'm.. not.. gonna.. be.. held... by.. my.. cage!  
I'm runnin' wild!  
I'm runnin' free!  
Just one shot at it is all I need  
I wanna live before I die....  
Dont want the world to pass me by  
There's so much more I wanna try  
I wanna live  
I wanna live before I die....  
Dont want the world to pass me by  
I wanna live! I wanna live before I.. die  
I can't wait around, I just can't waste my time  
I don't care if ya' think that I'm mad out of my mind!  
[Solo]  
I wanna live before I die....  
Dont want the world to pass me by  
There's so much more I wanna try!  
I wanna live....  
I wanna live before I die....  
Dont want the world to pass me by  
I wanna live.... I wanna live.... I wanna live!  
I wanna live before I die....  
Dont want the world to pass me by  
I wanna live.. I wanna live before I die!
