

# Texas, Asking For Favours

Take it or leave it  
I'll always be there  
Take it or leave it  
Grant me a reason

Always come asking  
You'll never be mine  
I'll ask how much  
but you'll say I'll mind

You want to say  
Do you understand  
You wanna say

Take it or leave  
You're all by the phone  
Take it or leave it  
How much do I care

I try to learn a lesson  
Not very sure  
You always ask me  
How much did I hurt

You want to say  
Do you understand  
You wanna say  
(repeat)
