

Texas, Like An Angel

Didn't know you would leave me
Like an angel
But I don't know how far you'd go
Didn't know that you've been writing
Life seems so simple
Writing just to let you know
You do this to me
This to me
Again
You do this to me
This to me
Again
Every moment seems to make sence
In the scentence
I finally had my last goodbye
You do this to me
This to me
Again
You do this to me
This to me
Again
Lalala
Lalala
Lalala
Lalala
Lalala
Lalala
Didn't know you would leave me
Like an angel
But I don't know how far you'd go
Didn't know that you've been writing
Life seems so simple
Writing just to let me know
You do this to me
This to me
Again
You do this to me
This to me
Again
Like an angel
But I don't know how far you'd go
Like an angel
I'd don't know how far you'd go
You do this to me
Do this to me
Again
I'd don't know how far you'd go
