Look baby I know you done what you had to do
I was in the red neighborhood draped in all blue

but the minute that I'm in it then you talk about hold up
Somin change man the shit feels strange
I should of never sold your ass my sixty eight ways
Ever since I scooped you up in my big black truck
I been lookin for your ass cuz a nigga wanna fuck
You know what I'm doin aint sippin
Cuz when you see me with my three hoes baby that's hip
Is this the reason why your ass actin funny
You only bring your ass around when I'm spending my money
I was breaking my probation taking your ass places
Cuz that's a violation. me and you conversation
Don't have nuttin we face it
I gotta lot hoes that I can run around chasin biatch
