

ThanatoSchizO, Tigers Doom

(lyrics by Guilhermino)

The Tiger roars a silent scream
Reflecting the lamb in his own skin

Tiger's Doom:
Bleed for our path!
Tiger's Doom:
Bring us your... thirst!

I was walking in thy kingdom
Dipping all reality

We are the tiger
Roaming for life
Waking the sleepless
Through miracle of doom

Then you walked in my kingdom
Dipping my own reality
Searching just bohemian freedom
Hunting just for empty fun

The Tick woke up

Tiger's Doom

The tiger died without seeing the light
I have mercy on his soul.
