ThanatoSchizO, Tigers Doom

(lyrics by Guilhermino)

The Tiger roars a silent scream Reflecting the lamb in his own skin

Tiger's Doom: Bleed for our path! Tiger's Doom: Bring us your... thirst!

I was walking in thy kingdom Dipping all reality

We are the tiger Roaming for life Waking the sleepless Through miracle of doom

Then you walked in my kingdom Dipping my own reality Searching just bohemic freedom Hunting just for empty fun

The Tick woke up

Tiger's Doom

The tiger died without seeing the light I have mercy on his soul.
