

# Thao With The Get Down Stay Down, Travel

darling did you hate  
the way i made you travel  
all pain and scrapes  
scrapes and safety hazards  
we only only roll so far  
and then i rolled you from my zooman cup

but i took a million looks  
how they ate me up  
made me heavy and for what  
but you float you float  
how could you know  
i never can tell  
and i never can show

oh i oh i oh i i i  
oh i oh i i i

but i took a million looks  
how they ate me up  
made me heavy and for what

but you float you float  
how could you know  
i never can tell  
i never can show
