

The 1975, Robbers

She had a face straight outta magazine
God only knows, but you'll never leave her
Her balaclava is starting to chafe
And when she gets his gun he's begging "Babe, stay-stay"
Stay, stay, stay.

"I'll give you one more time
We'll give you one more fight"
Said one more line -
"Will I know you?"

Now if you never shoot you'll never know
And if you never eat you'll never grow
You got a pretty kind of dirty face
And when she's leaving your home she's begging you "Stay-stay"
Stay, stay, stay.

"I'll give you one more time
We'll give you one more fight"
Said one more line -
"There'll be a riot cos I know you"

"Well now that you've got your gun,
It's much harder now the police have come.
And I'll shoot him if it's what you ask,
But if you just take off your mask
You'd find out that everything's gone wrong";

Now everybody's dead - and they're driving past my old school.
He's got his gun
He's got his suit on

And she says:
"Babe. You look so cool"

You look so cool
You look so cool
You look so cool
You look so cool
You look so cool
