

The 69 Eyes, Perfect Skin

You got a perfect skin,
With a Devils grin.

Say hello to the pretty eyes,
Say hello to the deadliest lies.
You got the looks, baby,
I could die.
You got the looks.
You got a murder style.

(First sin)
You can't keep me waiting forever, baby.
(Who's in perfect skin)
It's getting hot,
Who's going to rescue me?
(Nothing in)
You got a perfect skin,
With a Devil's grin.

Say hello to the pretty eyes,
Say hello perfect alibis.
Shake your hips, baby,
I could die.
Shake your hips,

Who's going to rescue me?
(Nothing in)
