

The 69 Eyes, Truck On

Well I'm truckin' on
on a heavy load
million miles from home
gotta movin' on
all night long
baby come along

to hell and back
like a heart attack
best ride you ever had
and I'm comin' to you
gonna blow your fuse
whatcha gonna do

gotta get high and
real loaded
gotta get back to the gator sweat blues
gotta get high and
real loaded
livin' on the edge in the dead man's shoes baby

well I'm drivin' amok
dog gone's my luck but
I don't give a fuck
and I'm feelin' mean
bleedin' gasoline
would you lick it clean

gotta get high and
real loaded
gotta get back to the gator sweat blues
gotta get high and
real loaded
livin' on the edge in the dead man's shoes

everybody needs dreams
to ride
on by
but what I need is see
my name
shinin' on the neon lights

truck on baby..
