

# The 6ths, The Dead Only Quickly

Priests and fools say  
we are but animate clay,  
but rude vessels  
housing immortal souls.

But the dead only quickly decay.  
They don't go around being born and reborn  
and rising and falling like souffl.  
The dead only quickly decay.

It would be swell  
to see some folks burn in hell,  
but when they go  
it's just as pleasant to know

that the dead only quickly decay.  
They don't go around being born and reborn  
and rising and falling like souffl.  
The dead only quickly decay.
