

The Adicts, What Am I To Do

Deep dark eyes
That don't quite focus
Like it could be hocus pocus
Flowered clothes in unique style
Intriguing words that beguile
She is sexy in a way
But I don't know what to say
That voice is a mystery
Is he a her or is she a he
What am I to do is it really true
What am I to do
Should I take a chance on you
