

The Afters, The Secret Parade

Don't try to lose us cause it's right where you'll find us
Don't try to bruise us cause it's right where you bleed
Don't call me a stranger, we're your brothers and sisters
Try to refuse when it's just what you need

Here tomorrow, gone today
We're a part of the secret parade
Here tomorrow, gone today
We're a part of the secret parade
