The Alan Parsons Project, The Same Old Sun

Eric Woolfson - Lead Vocal

Tell me what to do Now the light in my life is gone from me Is it always the same Is the night never ending

Tell me what to do All the hopes and the dreams went wrong for me There's a smile on my face But I'm only pretending

Taking my life
One day at a time
Cause I can't think what else to do
Taking some time
To make up my mind
When there's no one to ask but you

The same old sun would shine in the morning The same bright eyes would welcome me home And the moon would rise way over my head And get through the night alone

And the same old sun will shine in the morning The same bright stars will welcome me home And the clouds will rise way over my head I'll get through the night on my own

Tell me what to do
Now there's nobody watching over me
If I seem to be calm
Well it's all an illusion
Tell me what to do
When the fear of the night comes over me
There's a smile on my face
Just to hide the confusion

Taking my life
One day at a time
Cause I can't think what else to do
Taking some time
To make up my mind
When there's no one to ask but you

The same old sun would shine in the morning The same bright eyes would welcome me home And the moon would rise way over my head And get through the night alone

And the same old sun will shine in the morning The same bright stars will welcome me home And the clouds will rise way over my head I'll get through the night on my own
