

# The Alice Band, Inside Of You

When all the clouds are reaching  
Like bridges in the dark  
Over the rainbow burning  
For dreams of Joan of Arc

(Don't give up)  
Don't give  
I'm waiting for you baby  
(Don't give up)  
Whatever you do

Everything you need is inside of you  
The universe, the stars and the moon  
Inside of everyone there's a little bit of God  
Everything he does, you can do too  
Ah y-e-a-h

The stars are lined up just right  
For us to find our peace  
Beyond the neon and the pyramids, o-h  
I'm waiting for you baby

(Don't give up)  
I'm waiting on the corner  
(Don't give up)  
Whatever you do

Everything you need is inside of you  
The universe, the stars and the moon  
(Inside of everyone of us)  
Inside of everyone there's a little bit of God  
Everything he does, you can do too  
Ah y-e-a-h

Love can bring you hope  
Love can row the boat  
When love is knocking at your door  
Don't give up whatever you do, h-e-y

Everything you need is inside of you  
(Everything you need's in you)  
The universe, the stars and the moon  
(Oh it's inside of everyone)  
Inside of everyone there's a little bit of God  
Everything he does, you can do too  
Ah y-e-a-h you can do too

Everything you need is inside of you  
(Ohhh yeah)  
The universe, the stars and the moon  
(It's inside of everyone)  
Inside of everyone there's a little bit of God  
Everything he does, you can do too  
You can do it too

Everything you need is inside of you  
(It's inside of you)  
The universe, the stars and the moon  
(Oh the moon's inside of everyone)  
Inside of everyone there's a little bit of God  
Everything he does, you can do too  
You can do too
