I love you, forever and today And now she's gone, they couldn't stay together The rain falls down and now he's crying, crying Two weeks go by, seems like its been the weather The rain falls down shes crying, crying My thoughts progress, she thinks about forever Their hearts are bound and now she's lying, lying I wish I could drive away to the sunset Back to the day that we first met Only believe the things I wrote Ill put it in a note, yeah I'll Cross my ts and dot my is Better say hello, dont you dare say goodbye Ill write sincerely yours and sign my name P.S. I love you, forever and today All the heartache all the pain Forever and today All the words you said in vain Forever and today And III never be the same P.S. I love you, forever and today.
