

The Almost, Hold On

It's looking like
I'm gonna stay and see what this feels like.
I'm acting like
there's no excuse for my real cool tonight.
I might be taking a stab at avenged.
I might be staring at the face of revenge.
I might be looking for your attention.

Yeah, that's just what it is so...

Hold on, 'cause it's been too long.
Hold on, 'cause freaking out is really overrated.
Hold on, 'cause it's been too long.
Hold on, 'cause freaking out is really overrated.

So you wanna make me love her?
Some kind of principle.
So you wanna say to me
that I've been handling
this all the completely wrong way.
Staring at some important face,
Staring at some important face.

Don't try and say you know what...

Hold on, 'cause it's been too long.
Hold on, 'cause freaking out is really overrated.
Hold on, 'cause it's been too long.
Hold on, 'cause freaking out is really overrated.

Okay, now you see who I really--
Okay, now you see who I really am.
Okay, now you see who I really--
Okay, now you see who I really--
Okay, now you see who I really--
Okay, now you see who I really am!

Hold on, 'cause it's been too long
Hold on, 'cause freaking out is really overrated.
Hold on, 'cause it's been too long.
Hold on, 'cause freaking out is really overrated!
