

# The Amps, I Am Decided

I'd like to fly out  
Fly away from here  
Find you up with beers  
Man I'm stoned  
I want to change  
And not make a sound  
I'm out of town

I am decided  
I will be better to fly tonight

I need to learn  
How you look so well  
And you glow  
I want to know  
Better watch your ass  
The time is moving fast

I am decided  
I will be better to fly tonight
