

The And, I.D.N.C.U. (I Dance You)

You can have all the...

And give him the eye

.. his sweet words

From shoplifts

And dance with it

And dance with him

Take it up

Catch his smile

As you..

All day long

Did he know what's price

You can set the fire

Only he will burn

They don't stand why you dance with him

You will dance with him

You will dance with him

But they don't know how you dance with me

You dance with me and I'm dancing to
