

# The Animals, For Miss Caulker

Well, you've been gone,  
For fourteen long days  
Yes, you've been gone  
For fourteen long, lonely days  
And I'm prayin' to the Lord  
Please don't take my love away...

Come back home,  
All I want is you  
Hey, hey, hey, hey  
Hey, Come back home, baby  
You know all I want is you  
You know you'll never find another boy  
To treat you like I used to treat you

Oh baby,  
Baby, why don't you come back home to me  
Hey, baby baby,  
Why don't you come back home to me

I want you to come back home baby  
Baby, please set me free...
