

# The Animals, How You've Changed

Oh, how I've loved you  
Since the day you first told me your name  
Yes, I have loved you  
Thinking you all the while felt the same  
Ohhh, how I've loved you  
But your kisses don't taste the same  
Oh, how I've loved you  
Since the day I first walked you from school  
Yes, I have loved you  
Breaking all of loves precious rules  
You know I still love you  
Even though I feel like a fool  
Oh, how I've loved you  
Since the day you first told me your name  
Yes, I have loved you  
Thinking you all the while felt the same  
And I, I still love you  
Even though I know you've changed
