

# The Apples In Stereo, The Benefits Of Lying With

Everything I say falls away,  
like the fade on the radio song.  
And everything i try pass me by,  
like the tide seems to rise then it's gone.

(chorus)

Still there's something to said for company in bed,  
this time I want it, see, I knew we'd agree.  
How can anyone deny the benefits of lying with your friends?  
We'll try it again.

Sometimes when I'm by myself, I can't find myself,  
and there's no one there.  
Sometimes I can see myself, I can be myself,  
with a friend, now...  
everday I ride of my eyes,  
and my mind fills with complications.

And everywhere I go, pass by slow,  
fading moments and aspirations.

(chorus)

Sometimes when I'm by myself, I can't find myself,  
and there's no one there.  
Sometimes I can be myself, I can see myself,  
with a friend, now, a friend now...

I'll never know you like you know yourself.  
You'll never know me like i know myself.  
I'll never know you like you know yourself.  
You'll never know me like i know myself.  
I'll never know you like you know yourself.  
You'll never know me like i know myself.
