

The Archies, Sugar And Spice

Sugar is sweet
Just as sweet as rock candy
Spice is as nice as you wanna be

Add everything groovy
Stir it till you're filling groovy
Mix it with love
Blend it all together
Chase away the cloudy weather

Sugar and spice and everything groovy
Come on a magic carpet ride
Sugar and spice and everything groovy
Come on everybody
And give it a try
Na, na, na...

Make it real slow
Treat it oh-so-tenderly
Time for feeling good
Oh, can't you see?
Wait till you are ready
Wait till you're feeling ready
Mix it with love
Put in sugar and spice
Have yourself a sunshine slice

Sugar and spice and everything groovy
Come on a magic carpet ride
Sugar and spice and everything groovy
Come on everybody
And give it a try
Na, na, na...

Na, na, na...
Whoa
Sugar and spice and everything groovy
Come on a magic carpet ride
Sugar and spice and everything groovy
Come on everybody
And give it a try

Sugar and spice and everything groovy
Come on a magic carpet ride
