

The Association, Like Always

(Larry Ramos/Bob Alcivar/Tony Ortega)

Stepping off a stone, while I'm walking alone

Walking all alone, like always

Got me a new car, it doesn't get me too far

I'm all out of gas, like always

Got to pay the rent, but all my money's spent

All my money's spent, like always

I wonder where my pay went

Missed another payment

I'm all out of bread, like always

Girl, let the world have my money

I don't care

Girl, make my troubles seem funny and small

In no time at all

Things have got to move, I've been too long in this groove

Hung up in this groove, like always

Things are getting better, ever since I met her

Oh, oh, there she goes, like always

Like always, like always
