

The Audreys, Oh Honey

Oh honey don't you do that thing
Oh honey don't you do that thing to me, that thing to me
Oh don't you do that thing to me
Please don't do that thing you do to me

Oh honey don't you do sing to me
Oh honey to sing like that to me, like that to me
Oh don't you sing like that to me
Please don't sing all dark and low to me

Oh honey don't you smile at me
Oh honey don't you smile that way at me, that way at me
Oh don't you smile that way at me
Please don't smile that wayward smile at me

Oh honey don't you come for me
Oh honey don't you do come round here for me, round here for me
Cause I just might fall for you
And that would be a damn fool thing to do
