The Audreys, Oh Honey

Oh honey don't you do that thing Oh honey don't you do that thing to me, that thing to me Oh don't you do that thing to me Please don't do that thing you do to me

Oh honey don't you do sing to me Oh honey to sing like that to me, like that to me Oh don't you sing like that to me Please don't sing all dark and low to me

Oh honey don't you smile at me Oh honey don't you smile that way at me, that way at me Oh don't you smile that way at me Please don't smile that wayward smile at me

Oh honey don't you come for me Oh honey don't you do come round here for me, round here for me Cause I just might fall for you And that would be a damn fool thing to do
