

# The B-52s, Eyes Wide Open

Crazy planet, no alignment  
Rise above, hit the jet-stream  
Rocky road, got my assignment  
Rise above, ride my dreams

One on one, take a little bite  
What I got, you never had  
One on one, no use to fight  
Love's my thing, so good it's bad  
Love's my thing, so good it's bad  
So good it's bad, so good it's bad

Let's go down to our secret place  
So good it's bad so good it's bad  
Let's go down to our secret place  
You got my eyes wide open

Unexpected, undetected  
You got my eyes wide open  
Hiding from those prying eyes  
You got my eyes wide open  
Below the radar, in plain sight  
You got my eyes wide open  
Secret passage to your place tonight  
You got my eyes wide open

I don't wanna clash  
I don't want to rehash the past  
I just want release  
(I just want some peace)

Let's go down to our secret place  
You got my eyes wide open  
Let's go down to our secret place  
You got my eyes wide open

Feel it, feel it, feel it, feel it  
Oh yeah  
Feel it, feel it, feel it, feel it  
Oh yeah

Yeah you're so good  
So good it's bad  
What you got is what I want  
One on one don't you fight  
Pull it together ride it right

Love so good so good it's bad  
What I got you never had  
Get it together get it right  
Get it together take a bite

Can you feel it? Unexpected  
Can you feel it? Undetected  
Livin' on the periphery

Can you feel it? Unexpected  
Can you feel it? Undetected  
Livin' on the periphery

Can you feel it? Words are bombs  
Can you feel it? Words are missiles  
Livin' on the periphery

Can you feel it? Undetected  
Can you feel it? So unexpected  
Living on the periphery

I don't wanna clash  
I don't want to rehash the past  
I just want release  
I just want some peace

Let's go down to our secret place  
You got my eyes wide open
