

The Baby Namboos, Play With Me

One-Two-Three-Four-Five-Six-Seven . . .

1,2,3,4,5,6,7

A,B,C,D,E

B-A-D D-A-Y

Spells bad day forseen

Ouiji board, jump aboard

It's calling our sweet name

The souls we woke have made the law

And now they've come to play

Down,down

Coming around

As in sounds, so be down

Coming around

Down,coming around

Play with me

Resistance is futile

Corporation is a must

You see the streets are paved with gold

While you see me through the dust

Resistance is futile

(Down)

Corporation is a must

(Coming around)

You see the streets are paved with gold

While you see me through the dust

1,2,3,4,5,6,7

A,B,C,D,E

B-A-D D-A-Y

Spells bad day forseen

Ouiji board, jump aboard

It's calling our sweet name

Run, you can't run

(Down)

Run, you can't run

Run, you're in trouble

Run, you shouldn't meddle

Ouiji board, jump aboard

Ouiji board, overboard

It's calling our sweet name

Resistance is futile

(1,2,3,4,5,6,7)

Corporation is a must
