

# The Babys, Looking For Love

Up in the sky deep in the sea  
I'm looking for love  
Where can it be  
Been everywhere  
And I've asked everyone  
I'm looking for love  
But love can't be  
Day after day  
The need in me grows  
The more that I need  
The more that it shows  
Lone will I be  
Cannot survive  
I need some love  
To keep me alive  
Looking for love  
Looking for love  
Yeah yeah  
Looking for love  
Yeah yeah yeah  
Up in the sky  
Deep in the sea  
I'm looking for love  
Where can it be  
I've been round the world  
I've asked everyone  
I'm looking for love  
But love never comes
