

# The Babys, Wrong Or Right

Does it feel wrong or right  
When he loves you babe  
Do you turn out your light  
When he loves you babe  
Well he takes you babe  
Ah when he loves you babe  
My whole world comes a part  
When he loves you babe  
In the day and the night  
How I want you babe  
Though I put up a fight  
I still need you babe  
Oh how I need you babe  
Oh when he takes you babe  
My whole world comes apart  
When he loves you babe  
Oh yeah  
I'm the kid with the broken heart  
I'm the kid you nearly fooled  
You've broken all the rules  
And hey babe that isn't cool  
In my days and your nights  
How I want you babe  
It's so wrong it could be right  
How I need you babe  
Well when he takes you babe  
Ah when I love you babe  
My whole world comes apart
