

The Bastard Fairies, Moribund

Give me an IV 'cause I'll take it easily
Give me anaesthesia 'cause I'm used to this, you'll see
Take my kidney 'cause I won't use it today
Take my tonsils 'cause I don't need them anyway

I'm just five years old and I don't know why I'm here
Now I'm six years old and I'm being told that the end is near
Well I'm seven now and they take my blood three times a day
All I wanna do is play

Give me morphine just to take away the pain
I asked the doc how long I've got but he couldn't say
Take my appendix 'cause I think it's going bad
Take my front tooth off 'cause I think I'm going mad

I am eight now and I just sit and watch the news
Now I'm nine and I'm the only kid with the blues
I am ten now and they take my blood three times a day
All I wanna do is play
